are your wisest choice

X

It's a CONSERVATIVE Council that's delivering the goods

Councillor David Swanbrow says:

As the member of Fareham Borough Council Executive, I have worked to produce a new local plan which ensures that the important green spaces in Sarisbury are protected for the next generation. Following on from this, if re-elected I will continue to:

WORK

to ensure sensitive development of the former Coldeast Hospital site. Having worked hard to achieve an acceptable development brief for the site, I will fight to ensure the development reflects the desires of the local community. This includes provision for a new cemetery, allotments, playing fields and public open space.

WORK

to realise the planned Western Wards swimming pool and fitness suite which has been a long time coming to fruition.

WORK

with local residents to ensure that planning applications are dealt with fairly, ensuring that the quality of life for existing residents is preserved.

WORK

with Winchester City Council and Hampshire County Council to ensure that sufficient educational provision is in place to cater for current needs, as well as the further development north of Whiteley with the aim that children living in Whiteley do not have to travel out of Whiteley to be educated.

WORK

with Fareham Borough Council to see that faulty street lights, poor footpaths and bridlepaths, uneven pavements, etc are remedied.

WORK

to respond to your letters and telephone calls within 48 hours and to continue to keep you informed by regular publication of InTouch Newsletters all year round and not just at election time.
